

More Sox Princess visit Earth

It's as if the clock has been turned back as more and more families have reported being visited by the Sox Princess. Children spoke excitedly about how lovely the Sox Princess looked and how happy they were to meet them. Those were the days when every young girl had

a Sox Princess as a friend. Children would *learn from the*

Sox Princess about kindness & friendship, knowledge &

hardwork, being caring &

responsible, and living life to

the fullest & taking care

of the environment. The

return of the Sox Princess has revitalised these age-old values that were once embraced by everyone

a long, long time ago.

Where CREATIVITY and SOCIAL ENTERPRISE merge

“Friends may let you down, but not teddy bears.” That’s so true. Teddies are among the most wonderful gifts life has to offer. And it is the desire to bring the heartwarming world of teddies to friends and others that *TeddyThotz* was born. Here, you’ll find teddies that are quite out of the ordinary, and more adorable precisely because of that.

While Teddies warm our hearts, creative people bring joy to our life with their amazing creations. Even the most common everyday things become unique and uncommon in their hands. *OneKind* is all about such amazing finds, which could be anything from hand-painted bags and fun notebooks to striking t-shirts and handmade mugs.

Together we are *TeddyThotz* 'n' *OneKind*.

Welcome to our dreamworld in the real world where helping the less fortunate goes hand-in-hand with nurturing our business.
